### HISTORICAL VIRGINIA CITY TOUR

DURATION: 5hr

TOUR HIGHLIGHTS:

- Historic Virginia City
- Virginia Truckee Railroad Ride

<https://conventionactivities.com> or **Call 385-450-6985 to reserve your seat.**

Established in 1859, Virginia City became the richest mining town in the world. San Francisco was built from the mines of the Comstock and the Civil War was partially financed from the gold and silvers discovered beneath the city. Today's Virginia City is remarkably the same as it was during its heyday with wooden sidewalks, restored mansions, "Old West" saloons, the Piper Opera House and mine tours.

Guests will be transported from Reno via Geiger Grade to beautiful Virginia City, with a Convention Activities guide to narrate and point out interesting sights along the way. As guests travel to this historic town, they will discover the beautiful Victorian mansions built by the mine-owners, stroll the wooden sidewalks and explore their individual interests. Whether they like to browse through the many original saloons, gambling halls, and antique shops or visit old Victorian mansions, museums and churches. Here guests will have the chance to take a ride on the historic V&T Railroad through the hills that were once mined for silver and gold. They may want to meander down to Grandma's Fudge for something to satisfy their sweet tooth before enjoying free time for lunch, shopping, sightseeing or just people-watching before re-boarding the bus for the return trip to Reno.
